1. REFERENCE. AR 608-18, The Army Family Advocacy Program, 30 October 2007.
2. PURPOSE. To provide child supervision guidelines for Fort Belvoir.
3. APPLICABILITY. This policy applies to all US Army Garrison Fort Belvoir directorates, organizations assigned, attached, and tenant personnel at Fort Belvoir.
4. POLICY.
 - a. Fort Belvoir follows the Fairfax County Child Supervision Guidelines.
 - b. Children birth through 7 years old will not be left alone for any period of time. This includes leaving children unattended in cars, playgrounds, in your home, or in your yard.
 - c. Youth 8-10 years old may only be left alone, adult monitored, during daylight and early evening hours for occasional, short periods of time - up to 1 ½ hours - but not on a regular, self-care basis, such as before and after school every day.
 - d. Youth 11-12 years old may be left in self-care that is adult monitored for up to 3 hours but not at night or in circumstances requiring inappropriate responsibilities.
 - e. Youth 13-15 years old may be left in self-care that is adult monitored, but not overnight and not in circumstances requiring inappropriate responsibility.
 - f. Youth 16-17 years old may be left in self-care that is adult monitored for up to two consecutive overnight periods but not in circumstances of inappropriate responsibility.
 - g. Adult monitored is defined as meeting the following conditions:

(3) Youth in self-care has knowledge of how to access parent or other responsible adult at all times (including knowing the parent/caretaker's whereabouts and having a telephone number where parent can be reached).

5. GUIDELINES FOR SELECTING A BABYSITTER.

a. Generally, age 13 is the minimum recommended age for a babysitter. In making decisions about who is an acceptable babysitter, consider not only age, but also maturity.

b. The physical environment where the babysitting will take place must be safe.

c. The sitter must possess a level of maturity necessary for applying solid judgment and decision-making skills. There must be no emotional, medical, or behavioral problems affecting this ability.

d. The length of time, the number of hours, the age and number of children, and the time of day must be consistent with the sitter's age and ability.

e. As the age and level of maturity of the sitter increases, so can the level of responsibility. This includes performing specialized tasks such as getting children ready for bed, preparing food and taking care of other specific needs.

f. The sitter must know how and when to get help and have a safety plan for what to do in an emergency.

6. OTHER CONSIDERATIONS.

a. Is the sitter comfortable around children?

b. Does the sitter possess basic childcare skills?

c. Does the sitter show a responsible attitude?

d. Does the sitter respond to any special medical needs your child may have?

- g. Has the sitter demonstrated responsible behavior in the past?

7. ENSURE THESE PROCEDURES HAVE BEEN MET.

- a. Sitter is informed of your Family's safety plan for emergency situations and is able to carry out the plan.
- b. Expectations for food preparation and bathing are realistic.
- c. Place and phone number of place you can be reached is known to sitter.
- d. Sitter has been reminded to limit personal phone calls and not to allow visitors into the home.
- e. Consistent with the Fairfax County Child Supervision Guidelines, no child under the age of 16 years old should be left alone overnight. It is recommended that overnight sitters be 18 years or older.
